Re: Committee meetings and Work-sessions

The Legislative Priorities, School Board Resolutions, 2019 AASB New and Amended Resolutions and the Attendance/Staffing is up for the RSB discussions.

2019 New and Amended Resolution Submissions

2.49 (NEW) REQUESTING EVALUATION OF SINGLE PAYER HEALTHCARE PLAN FOR ALASKA

AASB requests that the Alaska legislature evaluate the cost and benefits of a single payer healthcare plan for Alaska and in particular to help reduce the burden of health care costs on Alaska public school districts.

Rationale. *None submitted*

Proposed by: Juneau School Board

Date Submitted: 9/20/18

2.50 (NEW) INFLATION-PROOFED BASE STUDENT ALLOCATION (BSA) INVESTMENTS

AASB urges the State of Alaska to make inflation-proofed incremental investments to the BSA to make up for flat funding since FY 2011.

Rationale. School Districts have been essentially flat funded since FY 2011. Flat funding means cuts as costs do not stay flat. The state has been in a recession due to the declining cost of oil. At the same time children and youth need to be prepared to meet the needs of the growing work force and to be prepared to be engaged citizens. Education is a changing field. Strategic investments in science, career technology, and social-emotional learning are imperative. A modest increase to the Base Student Allocation, including a glide path to make catch up investment to the flat funding during Alaska's recession, is needed to be set for the next three years.

Proposed by: Juneau School Board

Date Submitted: 9/20/18

3.11 (AMEND) HIV/AIDS AND OTHER ~~STD~~ STI EDUCATION

AASB supports providing effective HIV/AIDS and other ~~STD~~ STI education programs for students and parents, and training for certified and classified school staff. AASB supports an effective and comprehensive education effort that focuses on reducing risk by emphasizing abstinence, healthy decision making and refusal skills. Such instruction ~~may~~ should also include the use of barrier methods. An effective way to do this is to bring together a broad consensus of the community in order to develop and implement the district's HIV/AIDS curriculum on preventing HIV/AIDS and other ~~STD~~ STIs.

Rationale. The impact of all ~~STDs~~ STIs can be devastating. For instance, the dormancy of the HIV virus can be as long as 10 years and the statistics indicate that many young people are contracting the virus while in their teens. Health education should emphasize the consequences of contracting ~~STDs~~ STIs, many of which are life-long. The instructions should not lull teens into careless and risky behavior. *Adopted 1997, 2017 Amended 1998, 2000, 2001, 2002, 2004, 2008, 2009 (Sunset 2022)*

Proposed by: Sitka School Board

Date Submitted: 10/7/18

Rationale information from Sitka School Board:

1. Re: change to "STI" (sexually transmitted infection) - the trend in public health is to use the term "infection" preferentially to "disease," as disease is used to refer to a clinical entity with symptoms, whereas infections may be asymptomatic. That distinction is particularly important in the realm of sexually transmitted infections as the absence of symptoms leads to the further spread of infections by someone who is unaware that they are infected. These infections may remain asymptomatic while they progress and cause permanent consequences, such as infertility. While the term "STD" has been used historically, and many individuals are more familiar with it, "STI" is used with increasing frequency, including in school health education. Discussion of these terms from a public health perspective occurs in this journal article: STI Versus STD: Coda

Handsfield, H. Hunter MD; Rietmeijer, Cornelis A. MD, PhD, MSPH

Sexually Transmitted Diseases: November 2017 - Volume 44 - Issue 11 - p 712–713

2. While abstinence from all sexual activity remains the most certain way of preventing STI transmission, barrier method use is indisputably the most effective means for those who choose to be sexually active. AASB should support stronger and more specific language in describing the education that we advocate for, as time has proven that abstinence-only education is not effective enough.

3.12 EDUCATION OF STUDENTS IN RESPONSIBLE BEHAVIORS RELATING TO HUMAN SEXUALITY

AASB encourages responsible behaviors relating to human sexuality by supporting programs that promote abstinence, develop healthy decision-making skills, teach refusal skills and promote prevention of pregnancy and sexually transmitted diseases.

Rationale. The Youth Risk Behavior Study of 2011 indicates a decrease in the number of students who reported that they had sexual intercourse at least once. In 2011, about 38 percent of high school students reported having had sexual intercourse, compared to 43 percent in 2009.

Research presented by the Search Institute and their “Building Assets in Youth” model has determined that a teen’s belief “in the importance of abstaining from sexual activity and his/her willingness to postpone sexual activity” is significant to their personal and academic development. *Adopted 1997 Amended 1998, 2001, 2002, 2004, 2007, 2008 (Sunset Nov. 2022)*

Sitka School Board recommends updating Rationale with current data.

From Sitka School Board: Sitka School Board proposes that the Rationale section of this resolution be updated to reflect more recent Youth Risk Behavior Study data, i.e. from 2017 results, which are publically accessible.

3.25 (AMEND) SUPPORTING SEX ABUSE AWARENESS AND PREVENTION EDUCATION

AASB supports the expansion and funding of age-appropriate sexual abuse and assault awareness and prevention education in grades K through 12. Passage of the Alaska Safe Children's Act of 2015 offers momentum towards this goal. The law requires schools to offer education to make children and youth aware of sexual abuse and assault, as well as dating violence and healthy relationships.

AASB also supports the prohibition of students being exempted from this education by parents/guardians, except under exceptional circumstances.

Rationale. Child abuse in Alaska is a chronic problem that spans generations. In 2013, the Office of Children's Services received nearly 2,300 allegations of child sexual abuse involving more than 1,800 unique victims. More than 800 of these cases resulted in criminal charges. While the Alaska Network on Domestic Violence and Sexual Assault offers programs that provide outreach and education presentations in schools, upon request, resources are not sufficient to address the problem. If granted support for curriculum development and materials, schools could supplement the awareness and prevention effort. *Adopted 2014 Amended 2015 (Sunset Nov. 2019)*

Proposed by: Sitka School Board

Date Submitted: 10/7/18

From the Sitka School Board: During our Board's consideration of new policy language created to comply with the Alaska Safe Children's Act of 2015 (Sitka BP 6142.1), discussion occurred about the language allowing for exemption of students from this important education, the so-called "opt-out provision." While the policy passed as written, given that compliance with state statute was required, a desire to forward our concerns was verbalized. This resolution provides that opportunity at the AASB child advocacy level. In 2015, the Alaska Office of Children's Services investigated 1,272 reports of sexual abuse of children perpetrated by members of the immediate or extended family. (1) Various sources cite numbers ranging upward from 30% in describing how many perpetrators of child sexual abuse are family members. Only 10% of perpetrators are NOT already familiar to the child victim.(2, 3)

While AS 14.03.016 delineates the "parent's right to direct the education of the parent's child," with "parent notification not less than two weeks before any activity, class, or program that includes content involving human reproduction or sexual matters is provided to a child," AASB's role is to advocate for children, including those who may be tragically victimized by their own family members. It is an unfortunate reality that perpetrators may be in a position to deny the education that their victims need to sometimes recognize their own victimization.

"Exceptional circumstances" that may warrant exemption from this important education might include known and previously-addressed sexual abuse of a particular child.

4.17 (NEW) ADDRESSING THE PARAPROFESSIONAL SHORTAGE

In light of the statewide shortage of paraprofessionals, the Association of Alaska School Boards encourages and urges the Alaska State Legislature and Board of Education to enact legislation and programs to fully fund the recruitment, retention, training, and development of paraprofessionals. Suggested strategies may include:

- Marketing programs aimed at recruiting and retaining paraprofessional talent;
- Development/Mentoring programs;
- Increased allocation for paraprofessionals in the funding model;
- Incentives and assistance to encourage paraprofessionals to become teachers.

Rationale. Paraprofessionals bring immeasurable value to the classroom. Students with disabilities and those who need additional instruction require extra attention in order to help them understand the lesson. Paraprofessionals help teachers save valuable class time by working with these students and helping them keep pace with their peers. Without the added help, these students will fall behind. Paraprofessionals also help teachers with other classroom tasks, as well as additional tasks throughout schools such as before/after school, recess, and lunch supervision.

A shortage of paraprofessionals is being experienced in every region of Alaska, but especially in rural and remote rural districts. Recruiting and retaining quality paraprofessionals is a critical issue facing school districts as they work to improve education in Alaska's public schools. Retaining paraprofessionals will depend on a number of factors, including a sense of importance, professional support, development opportunities, and adequate compensation/benefits. The degree to which Alaska meets these factors is a statement of the value we place on our paraprofessionals.

5.27(NEW) IN SUPPORT OF ARTS EDUCATION

AASB supports a systemic and rigorous arts education for all students, and urges member districts and education agencies to prioritize artistic literacy, and implement sequential, standards-based arts curriculum, employ arts specialists whenever possible, and provide professional development in arts disciplines and arts integration for educators. In particular, arts teaching and learning strategies that integrate local and regional artistic traditions and Alaska Native cultural practices can positively impact student achievement. AASB encourages member districts and education agencies to leverage the expertise and resources of community partners in order to improve access, equity, and quality of arts education for all students.

Rationale. The Every Student Succeeds Act (ESSA) recognizes the arts in the definition a “well-rounded and comprehensive education that all American students deserve,” including arts disciplines as subject areas eligible for Title I funds and other federal resources administered by state and local education agencies. A robust arts education teaches youth the skills necessary to succeed in life including problem-solving, creative thinking, self-discipline, and public speaking. The US Department of Education’s ten-year review of Arts in Education-funded programs finds that “students in arts programming had better attendance, fewer disciplinary issues, and improved on-task behavior relative to comparison students,”(1) and data from the College Board showed that in 2015, students who took four years of arts and music classes while in high school scored an average of 92 points higher on their SATs than students who took only one-half year or less (2).

The Alaska State Board of Education adopted the Alaska Arts Standards in 2016, which were followed by grade-level performance standards developed by Alaskan educators in Music, Visual Arts, Dance, Theatre, and Media Arts. Importantly, school districts around Alaska are pioneering creative and collaborative approaches to arts integration as a teaching strategy, culturally relevant arts teaching practices, and arts learning for educators. These state initiatives for arts education development and implementation are critical to efforts to better meet the needs of Alaska students.

Mission Statement

To educate all children to be successful in any environment.

Vision Statement

All members of the community are proud and committed to our school system. Students have a positive learning environment, speak the Yup'ik language, know their culture, attend school regularly and graduate prepared to be successful in any environment. The majority of our teachers and school staff are Yup'ik and speak their language, and the curriculum and instruction is based in Yup'ik values and traditions. Our community members, elders, parents and students feel ownership in our schools

Values

Love for Children, Spirituality, Sharing, Humility, Hard Work, Respect for Others and Their Property, Cooperation, Family Roles, Knowledge of Family Tree, Hunter Success, Domestic Skills, Knowledge of Language, Avoid Conflict, Humor, Respect for Land, Respect for Nature

Strategic Goal Areas:

1. Students Succeed Culturally and Academically
2. Community, Parents and Elder Involvement
3. Staff Recruitment and Retention
4. Education System Change

This fee proposal is for services described above to provide onsite inspectors, sample analysis, report generation, and project management for a comprehensive Asbestos and Lead inspection of teacher housing units 1,3,4,5 and 8 located at Akiachak, Alaska 99551.

This Fee Proposal is based on the following assumptions and conditions:

1. Onsite work will be performed during normal business hours.
2. Client will provide ladders and site access for inspection.
3. ATC is not responsible for patching and repairing areas where samples are collected.
4. Sample pricing is based on a standard 5 Day turnaround time upon receipt at laboratory. Faster turnaround times are available at an increased cost.
5. Values of time on site and analysis are estimates; quantities will not exceed the proposed amount without approval from owner's representative.

6. If ATC is not able to depart the village due to inclement weather lodging and food will be billed to the client at cost plus 10%.
7. Stand by time will be billed at a rate of \$50.00 per hour not to exceed more than an 8 hour day billed at \$400.00 per inspector per day.
8. This fee proposal is valid for 30 days.
9. This quotation is exclusively for the above-mentioned project only and shall be subject to all ATC general terms and conditions.
10. Payment terms are Net 30.
11. ATC reserves the right to lien the project if payment is not met by the Net 30.

Respectfully Submitted,

Dear Ms. Anderson:

As requested Environmental Management, Inc. (EMI) is providing this cost proposal to conduct a Hazardous Building Material Survey (HBMS) on five homes in Akiachak, Alaska. The purpose of this survey will be to inspect building materials for asbestos containing materials (ACM), lead-based paint (LBP) and other potentially hazardous materials (mercury) for continued maintenance of the structures.

A thorough survey will be conducted in accordance with applicable EPA/HUD regulatory compliance requirements for asbestos and lead based paint. All visible materials will be inspected; however, destructive methods to access hidden materials inside walls, under the roof, inside boilers, etc. will not be used. EMI will use qualified and certified personnel to perform a thorough site inspection, collect samples of suspect materials as needed, validate sample contents either through laboratory analysis (Asbestos), field testing (XRF-Lead) or visual inspection (mercury). Samples will be analyzed (PLM) by a NVLAP accredited laboratory. Identified hazardous materials observed in the survey will be quantified, sample locations documented and specific areas with ACM identified in provided plans or field site sketches. The results of this survey will be described in a HBMS report.

Lump sum cost to perform the proposed HBMS Survey(5 homes): \$14,169
Rate for additional asbestos samples (additional bldgs, etc.): **\$45/sample**
Standby rate due to delays beyond EMI's control (weather, access issues, etc.): **\$850/day**

The following items will be provided by the client:

1. Access into the facilities as needed, between 8:30 am and 9:00 pm.
2. Copy of the Building Plans (floor plans) if available.
3. Copies of any previous asbestos and lead survey or abatement reports if available.
4. Use of step or extension ladders during the site inspection.
5. Travel and lodging in Akiachak (bid based on one mobilization with two (2) overnight stays)

The following items are excluded from this proposal.

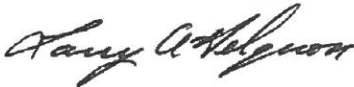

1. More than 30 asbestos samples per home.

2. Repair of materials damaged to collect samples. Temporary repair of materials that are suspect of being asbestos will be done by sealing the surface with tape, caulk, or roof patching material.
2. This HBMS is limited to the above ground portions of the structure.
3. Rush analysis - Bid based on standard turnaround for laboratory sample analysis.

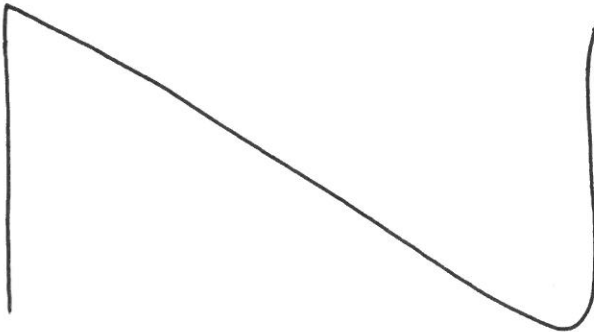

We are prepared to perform the survey at your earliest convenience. Upon your notice to proceed, we will attempt to schedule the on-site investigations within two weeks. We appreciate the opportunity to provide you with this cost proposal. If you have any questions do not hesitate to contact me at (907) 272-9336.

Sincerely,

ENVIRONMENTAL MANAGEMENT, INC.

Superintendent Tariq Malik:
Yupiit School District
Akiachak, AK 99551

Dear Superintendent Malik,

The Akiachak Native Community has a positive working relationship with the public schools in our area. The Akiachak Native Community is satisfied with the educational services and programs provided by the Yupiit School District. The Yupiit School District has provided the tribe with a copy of the regulations 34 CFR 222.91-94 pertaining to our rights under the Indian consultation process. We have received a copy of the IPP regulations 222.91 and 222.94 and understand the requirements being waived. We understand our rights and offer this letter as a waiver of the Impact Aid Indian Policies and Procedures requirements for the FY2019 Impact Aid application year.

If you have any questions or concerns relating to this waiver, please contact Mildred Evan at (907) 825-4626 or anc_tribalcouncils@yahoo.com.

Sincerely,

Mildred Evan, Business Manager

Superintendent Tariq Malik:
Yupit School District
Akiachak, AK 99551

Dear Superintendent Malik,

The Akiak Native Community has a positive working relationship with the public schools in our area. The Akiak Native Community is satisfied with the educational services and programs provided by the Yupit School District. The Yupit School District has provided the tribe with a copy of the regulations 34 CFR 222.91-94 pertaining to our rights under the Indian consultation process. We have received a copy of the IPP regulations 222.91 and 222.94 and understand the requirements being waived. We understand our rights and offer this letter as a waiver of the Impact Aid Indian Policies and Procedures requirements for the FY2019 Impact Aid application year.

If you have any questions or concerns relating to this waiver, please contact Sheila Carl at (907) 765-7112 or akiarmi@yahoo.com.

Sincerely,

RE: Class of 2019 Senior Trip Request

The Tuluksak graduating seniors of the Class of 2019 request permission to go on a trip. The class currently consists of 5 students who are on track to graduate. They have chosen Los Angeles as their destination for the trip. Steve Craft, Bertha Pavilla and Edwin Wassca will be the chaperones.

Parents and students have met and discussed the responsibilities and liabilities of this trip. All have agreed to sign a strict Code of Conduct agreement. To date, over \$5000 dollars has been raised in fundraising events to cover costs.

One goal for this trip is to reward the students for their dedication to obtaining their high school diploma. Another goal is to increase cultural awareness of life in a major urban area. This would include the arts, food and the historical and cultural legacy of the L.A. area.

When: May 12 – 18, 2019

Where: Los Angeles, California

Who: Steve Craft, Bertha Pavilla, Edwin Wassca and Tuluksak Graduating Seniors

School Expectations: District policy for graduation, attendance, passing grades and no behavioral issues during the 2018 – 2019 school year.

Tentative Events:

Concert at Hollywood Bowl

Geddes Museum

Aquarium of the Pacific

Huntington Beach

Disneyland & Universal Studios

Staple's Center (NBA Game)

For attendance on the trip, several conditions must be met. First, the students must graduate before the trip begins. Secondly, the students engage in some of the fundraising activities.

We want to thank you for your consideration and support of a trip that the Class of 2019 has dreamed about for years.

Sincerely,
Steve and Sharene Craft

Senior Class Trip – 2019

Code of Conduct

Each senior going on the trip to Los Angeles must sign this policy. Failure to sign this code of conduct will result in not being able to participate. The code of conduct will be in effect for the entirety of the trip.

Because of the honor associated with being able to participate in this event, all senior members are expected to represent Tuluksak High School in a positive way at all times. Seniors are expected to adhere to the rules and regulations as stated in the student handbook and refrain from any conduct which is unbecoming to Tuluksak High School and the individual. This applies to the use of, sale of, providing of:

- Intoxicating beverages
- Tobacco in any form
- Drugs, controlled substances, or counterfeit or look alike substances
- Other unbecoming conduct, I.E., any conduct which could be in violation of any federal, state or local, law or ordinances as a misdemeanor or felony, or related misconduct which discredits the Tuluksak High School (Example: Minor in Possession).

Any student that fails to follow the rules and regulations as stated in Yupiit School District discipline code, while on the senior trip, will face discipline as spelled out in the Yupiit School District Parent/Student Handbook. Serious infractions could result in immediate return from the trip and forfeiture of all remaining activities and funds designated for the use of the Senior class of 2019, along with any legal repercussions that follow the infractions.

The signatures below attest to my understanding and acceptance of the provisions.
